## our process

step one

Flake

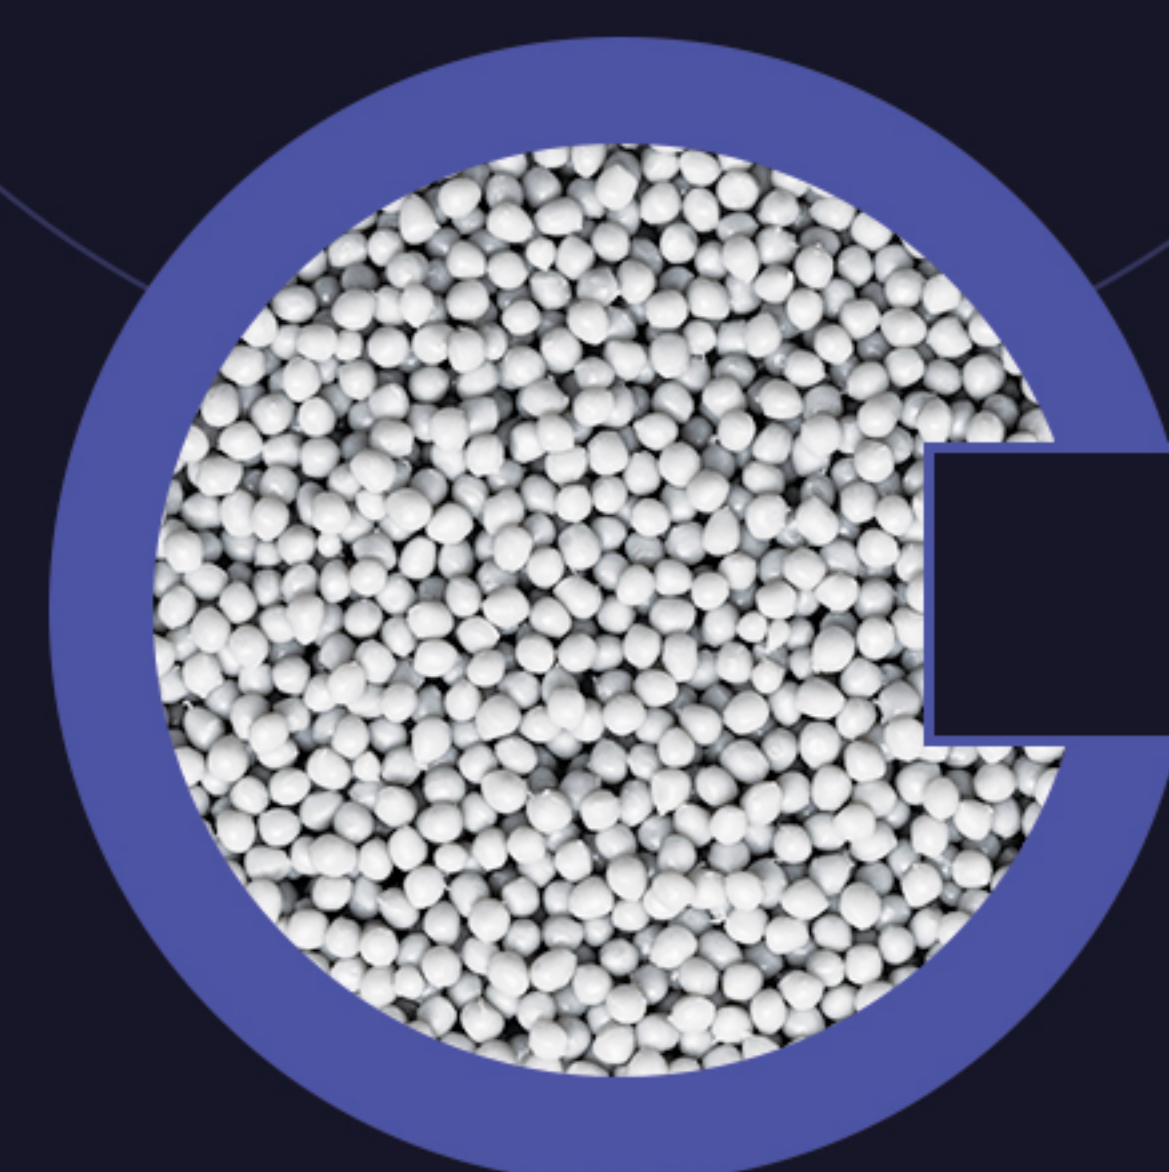

We start with customer supplied flake made from meticulously sourced PET that has been diverted from oceans and landfills.

step two

Manufacturing

Verdeco's world class manufacturing team converts customer supplied flake to rPET pellets per customer specification.

step three

Pellet

Through R&D-inspired innovation, we develop customized flake solutions with consistent pellet geometry to meet our customers' end use needs.

## 100% rPET – Created From Your Recyclables

Toll™ by Verdeco fuels sustainable transformation. We take our customers' recycled PET flakes and turn them into high-quality, 100% rPET that can be used for any project that you can imagine.

### ● rPET Pellets

Your sustainable packaging solution is clear. Let's build a more sustainable future – together.
